Decision of Circuit Court Holds Big Oil Company to Be Illegal Combine.

By Associated Press.

St. Paul, Minn., Nov. 20.—In an opinion, written by Circuit Judge, W. H. Sanborn, of St. Paul, and filed in St. Louis and St. Paul today, the United States circuit court, for the district of Missouri, held that the Standard Oil company, of New Jersey, was an illegal corporation and ordered that it be dissolved.

It is authoritatively announced, by officers of the Standard Oil company, that an appeal will be taken from the decision filed at St. Paul.

The case was heard in the United States circuit court, at St. Louis, last April, by Judges Sanborn, Vandeventer, Hook and Adams. All of the judges concerned in the opinion. The suit was brought to enjoin John D. Rockefeller, William Rockefeller, Henry M. Flagler, H. H. Rogers and John D. Archbald, of the Standard Oil company of New Jersey, and Oliver H. Payne and Charles M. Pratt, from maintaining a combination of conspiracy in restraint of trade. Today's decree enjoins the seven individual defendants and the Standard Oil company and subsidiary corporations from continuing or carrying into effect the illegal combinations they have formed and from entering into any like combination or conspiracy, and they are forbidden from engaging or continuing in interstate commerce, until they discontinue their illegal combination.

The decree takes effect thirty days from date, unless suspended by an appeal to the supreme court.

SECURING CONTROL OF NEWSPAPERS

Many Changes in Oklahoma Newspapers Preparatory to the Coming Political Campaign.

Guthrie, Okla., Nov. 20.—As a means of more effectively entering the big political battle that will be waged next year in Oklahoma, leaders in both parties are casting about for the control of newspaper properties to aid in securing party victory.

As a result of a conference between a number of republican leaders at Enid, it has been announced that a company was organized for the installation of another morning daily in that city, with the intention of inaugurating a statewide republican publication, with Everett Purcell, editor of the Enid Events, postmaster at Enid and a strong McGuire supporter, at the mast head. It is said that the first publication will be about January 1, and the same company will endeavor to purchase the Oklahoma State Capital at Guthrie. The capital stock proposed is \$150,000, and Congressman McGuire is said to be one of the stockholders.

Another big newspaper deal now pending on the democratic side of the fence has the backing of M. L. Turner of Oklahoma City, a candidate for United States senator in the first campaign; Mose Wetmore of St. Louis, and Norman E. Mack of Buffalo, N. Y., chairman of the democratic national committee. Homer E. Basford of St. Louis is scheduled to be the editor. The company is to be capitalized at \$250,000, and has purchased four lots at El Reno, where it is understood the newspaper will be inaugurated the first of next year, although it is reported that the location may be changed to Oklahoma City.

With the disposition of the Noble County Sentinel at Perry to J. T. Perryman of that city, and the retirement of Lon Wharton as publisher, a veteran editor of Oklahoma passes to the simple life. Wharton is a veteran of fifty years in the western newspaper field, having established and edited the Meade County Telegram, and later published the Courier at Pierceville, Kans., the Kearney County Coyote at Hartland, and at the opening of Oklahoma published the Herald at Guthrie, later establishing the Sac and Fox Warrior at Chandler. At the opening of the Cherokee strip, Wharton started the Cherokee Sentinel, afterward changing the name to the Noble County Sentinel.

During the week a change has occurred in the management of the Enid Morning News, Charles L. Stewart, recently of the Lexington, Ky. Herald, having purchased the stock of Donald D. Campbell and C. J. Pennell and become president of the News Publishing company and editor and general manager of that newspaper.

U. M. Hart has sold the Kingfisher Times to D. G. Woodworth, formerly of the Cashon Advocate. D. A. Drake has purchased the interest of Mr. Young in the Hitchcock Clarion and hereafter will have sole management of the paper. A consolidation of the Dispatch and Democrat at Woodward, has been announced, and only the latter will be published under the management of Editor Pyne.

A new school publication will soon be launched by John W. Wilkinson, assistant state superintendent, to be known as the Southwest School Men's Journal. The new publication will be devoted to school men's news. Associated with Mr. Wilkinson will be W. E. Gill of Pawhuska, in charge of the county superintendent's department; W. S. Calvert of Guthrie, in charge of the city superintendent's department, and others. There will also be special departments for each of the state schools.

BELIEVE CANNON KILLED FOR SPITE BY ZELAYA

Reported That Zelaya's Troops are Deserting in Great Numbers—First United States Mail in Over a Month—Parents Only Knew Newspaper Reports—Floods Continue Throughout Isthmus.

Bluefields, Nic., Nov. 20.—The telegraph wires to the interior are down and it is impossible to confirm here that President Zelaya had ordered the reported executions, including those of the Americans, Leroy Cannon and Leonard Grace.

The steamship Marietta di Giorgio, from New Orleans Nov. 13, has arrived here, bringing the mail, the first received from the United States for more than a month. There is no change here (the capital of the provisional government). The blockade at Greytown remains effective, and the rebels are strengthening their position continually.

It is reported that Zelaya's troops are deserting in large numbers. The fear of a rebel invasion of the interior has influenced President Zelaya to mobilize his forces there. A serious movement against the eastern coast at present is unlikely.

Colon, Nov. 19.—The United States cruiser Des Moines sailed from Port Limon, Costa Rica, yesterday. It is believed she is en route for Bluefields.

Floods continue throughout the isthmus. The railroad in the vicinity of Bohio and Frijoles is under water. Trains from Colon for Panama were unable to proceed further than Bohio.

Harrisburg, Pa., Nov. 19.—Daniel K. Cannon, father of Leroy Cannon, the young Pennsylvanian executed in Nicaragua, has asked the state department at Washington to obtain positive confirmation of the news of the young man's death.

ISSUES CHALLENGE TO LAWTON HIGH

Vinita High School Seeks Game With the Champions of West Side Secondary Schools.

Confident of victory at Muskogee today, which will give Vinita high school the championship of secondary schools in eastern Oklahoma, and desiring that honor for the entire state, Coach James P. Fitch this morning wired the Lawton high school team, champions of the west side, challenging them for a game on Thanksgiving Day, to be played, preferably in Vinita, but in case Lawton didn't agree to that, to play them at Lawton or on neutral grounds.

Vinita claims to have the fastest high school football team in the state and is ready to defend her title to the championship against all other claimants. So eager is Vinita high for the opportunity to demonstrate the superiority of their team, that they are willing to play other teams on their own grounds and upon almost any reasonable terms. If Lawton wants to play Vinita she can get a game and dictate the place and conditions. What Vinita wants is the opportunity to play them.

Two marriage licenses were issued today from the office of the county judge. They were to Woodard A. Brooks, aged 29, of Welch, Miss Delsa T. Lackey, aged 19, of Welch and to Byron S. Webb, aged 30, of Vinita and Miss Ruby Goodpaster, aged 20, of Welch.
